DESCRIPTION OF THE TEAMS AND DOGS IN THE PHOTOS.

1.—THE GREEN MEADOW TEAM.

These dogs are the property of Henry Lewis, Esq., of Green Meadow; are all of the same colour, red and white; same type. They are of a very old strain; have

never been crossed with any other Spaniel. As workers they are of the best, well trained by his keeper, Palmer. Their working qualities are well-known to most of the best known sportsmen in the county, and are considered good enough for any Spaniel trials.

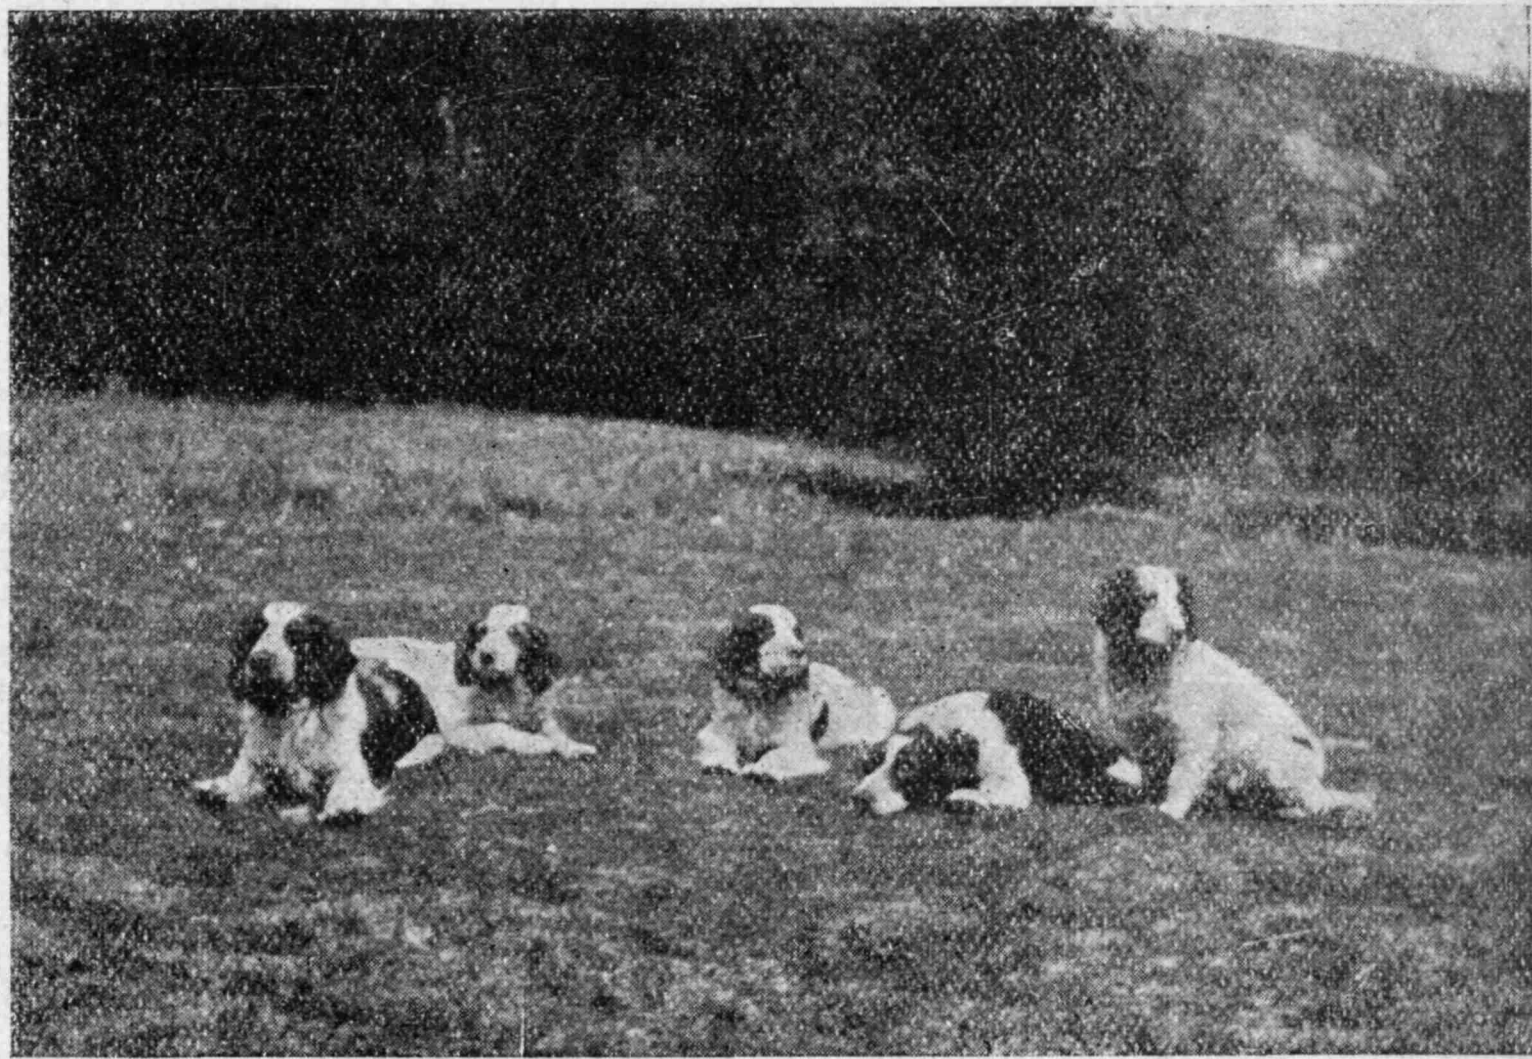

The whole team vary in weight, from 32lbs. to 42lbs.; are straight in limb, straight in coat, with low tail carriage, and the best of action.

the Llanhanan, the Green Meadow, and the Pontneath Vaughan. All of the same type, all Springers of the old class, kept and used for generations by the oldest sporting families in this county, and are considered by them as of the best for their working qualities, for the rough districts they have to work.

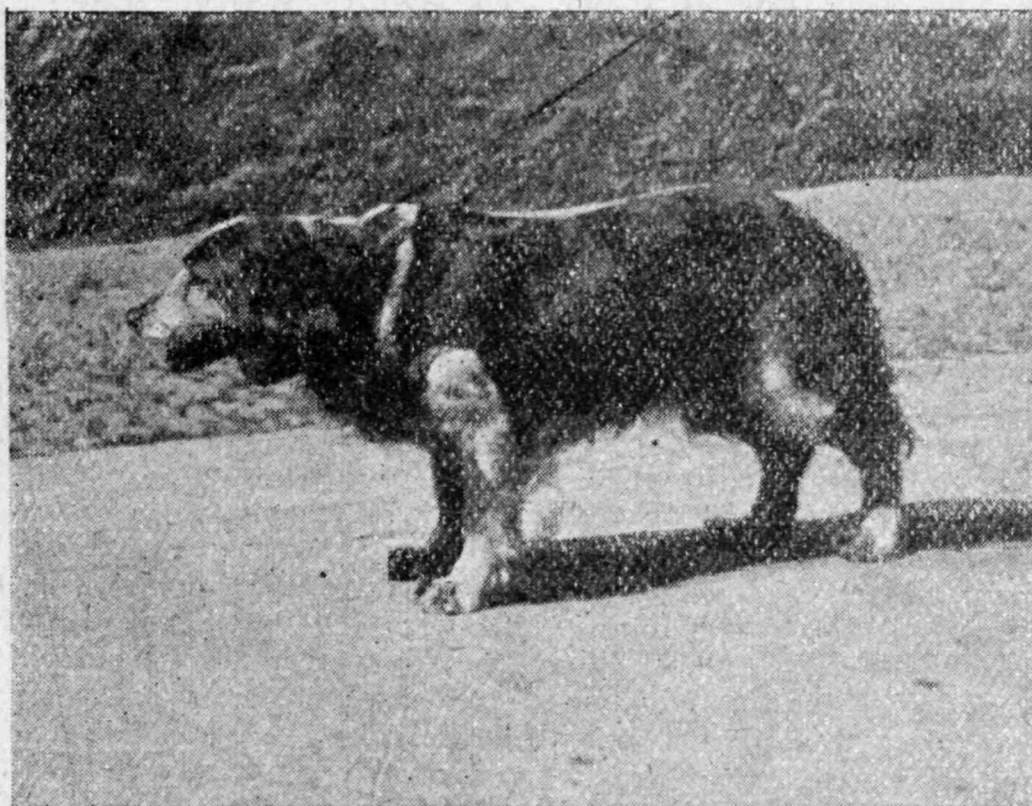

The Green Meadow Spaniels have been kept there for upwards of 150 years.
