Welsh Springer Spaniels

Toplines tended to be missing the required rise over the loin, but at least they weren't showing signs of downward angles to the ground.

Puppy (Entries – 9, Absentees - 7)

1. Monday's Hillrobin Brockanfield among Ambika – 8 month old puppy coming on well. Feminine bitch with a delicate head. Good shoulder placement. 2nd thigh developing well. A tad long in coupling for me. Moved ok.
2. Buckwell's Killena Timon

Junior (2, 0)

1. Barkley's Cherryheath's Miss Chief – Pretty headed bitch with good bone. Good shoulder placement and tail carriage. Her movement is a little close and she could do with a bit more drive.
2. Buckwell's Killena Lady In Red

Post Graduate (8, 5)

1. Davis' Julita Ranger – Quality dog. Nice head with melting expression. Well put together, but surprisingly long in coupling. Active mover. RBOB
2. Barkley's Cherryheath's Miss Chief
3. Buckwell's Killena Addicted To Love

Open (9, 4)

1. Baker's Kazval Shadow Leader of Anibesco – Lovely dog. Masculine head, good shoulder placement, deep chest, close coupled, good rear angulation which allowed him to move with drive. Just a fraction more my type than the PG winner which gave him BOB.
2. Tew's Pamicks Miss Holly Hocks JW
3. Morgan's Amiro The Borderer

BOB - Baker's Kazval Shadow Leader of Anibesco
RBOB - Davis' Julita Ranger
